Congratulations on the birth of your new Little Texan!

Texas Vital Statistics would like to take this opportunity to answer some most commonly asked questions about birth certificates in Texas. . .

"How do I get a copy of my baby's birth certificate?"
You can request and purchase a certified copy of your child's birth certificate from the local registrar's office located in the city or county where the birth occurred, or from the Texas Vital Statistic office located in Austin, Texas.

A *Certified Birth Certificate* is a permanent legal document filed in the State of Texas that establishes your child's identity and is used to apply for medical or government services, passports, school admission, etc.

"When will I receive my baby's social security card?"
If you answered "Yes" to the question, "Apply for baby's social security number?", the birth information will be forwarded to the Social Security Administration as soon as the Texas Vital Statistic office receives the data from the hospital. The Social Security Administration then requires 2-3 weeks to process the information. A social security card will be mailed to the mother's mailing address as provided in this worksheet. The entire process usually takes **4-6 weeks** to complete.

"When will I receive my baby's Medicaid number?"
If you provided an answer for the questions "Mother's Medicaid Name?" and "Mother's Medicaid Number?", the birth information will be forwarded to the Medicaid office as soon as the Texas Vital Statistic office receives the data from the hospital. Medicaid then requires 2-3 weeks to process the information. An Infant Medicaid card will be mailed to the mother's mailing address as provided in this worksheet. The entire process usually takes **4-6 weeks** to complete.
