NEW YORK WORKERS' COMPENSATION PHYSICAL MEDICINE FEE SCHEDULE

14. FUNCTIONAL CAPACITY EVALUATIONS

Indications

The FCE is utilized for the following purposes:

1. To determine the level of safe maximal function at the time of maximum medical improvement.
2. To provide a pre-vocational baseline of functional capabilities to assist in the vocational rehabilitation process.
3. To objectively set restrictions and guidelines for return to work.
4. To determine whether specific job tasks can be safely performed by modification of technique, equipment, or by further training.
5. To determine whether additional treatment or referral to a work hardening program is indicated.
6. To assess outcome at the conclusion of a work hardening program.

General Requirements

1. The FCE may be prescribed only by a licensed physician in NYS, or may be requested by the carrier when indicated.
2. The FCE does not require prior authorization by the carrier.
3. The attending physician must justify the indication for each at the request of the carrier (see Eligibility Criteria).
4. The FCE shall be performed by a physical or occupational therapist currently holding a valid license in NYS, or other licensed provider qualified by scope of practice. Constant supervision by the licensed provider is required.

Specific Requirements

1. The FCE, when medically necessary and indicated, may be performed only at the point of maximum medical improvement in the opinion of the attending physician.
2. The FCE should not be prescribed prior to three (3) months post-injury unless there is a significant documented change in the claimant's status which justified earlier utilization.
3. The following eligibility criteria is required for all claimants:
 - a. Claimant is preparing to return to previous job.
 - b. Claimant has been offered a new job (verified).
 - c. Claimant is working with a rehabilitation provider and a vocational objective is established.
4. Reports will include the following information:
 - a. Patient demographics including work history.
 - b. Indication for evaluation.
 - c. Type of evaluation performed.
 - d. Raw and tabulated data.
 - e. Normative data values.
 - f. Narrative cover sheet with recommendations.
5. The bill for services provided must be attached to the report to be processed by the carrier.
6. All evaluation tools must be standardized, and normative data and interpretive guidelines must be attached to the report.
7. Charges for psychometric testing performed as part of the FCE by providers other than psychologists or psychiatrists are inclusive and may not be billed separately.
8. Testing and/or treatment provided by licensed psychologists or psychiatrists must be performed in accordance with the Psychology or Medicine fee schedules, and should be billed separately.

HIPAA NOTICE - In order to adjudicate a workers' compensation claim, WCL13-a(4)(a) and 12 NYCRR 325-1.3 require health care providers to regularly file medical reports of treatment with the Board and the carrier or employer. Pursuant to 45 CFR 164.512 these legally required medical reports are exempt from HIPAA's restrictions on disclosure of health information.

All reports should be sent directly to the Workers' Compensation Board at the address listed below:
