

Census Jobs!

U.S. DEPARTMENT OF COMMERCE • Economics and Statistics Administration • U.S. CENSUS BUREAU

The Census Bureau is an Equal Opportunity Employer

A UNIQUE OPPORTUNITY: EARN MONEY WHILE YOU SERVE YOUR COMMUNITY

In the near future, the U.S. Census Bureau will conduct a special census in this area. Your community has requested it and will incur the cost. Local residents will be needed to work as census takers. Census takers visit households and collect a few facts about each member such as name, age, relationship to the householder, etc.

WHY A SPECIAL CENSUS?

Local governments consider up-to-date population information beneficial to residents to determine the allocation of state funds to communities, improved ability to plan for schools, better transportation, and for many other purposes. Your community may benefit from this updated official population count.

TRAINING

Before you go to work, you will attend a training session where you will learn the use of census forms and census techniques such as interviewing and map reading. In most cases, your supervisor will train you, assign and review your work, and answer questions.

PAY

You will be paid for actual hours of work including time spent in training. You will get specific information about pay from the census supervisor.

DUTIES

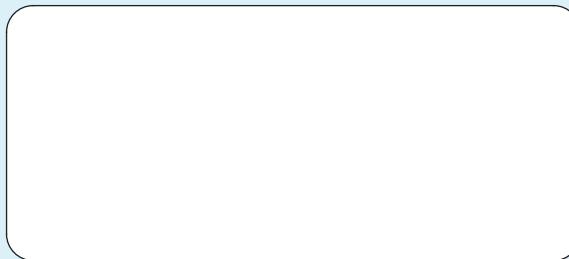

When you have successfully completed your training, you will be given several neighborhood blocks called "Assignment Areas". Normally, your first assignment will be the area in which you live. You will be provided a map of each Assignment Area and the necessary census forms and materials to do the job. Most of the jobs are in the field, and require you to locate and interview households and record information about the residents. When you accept your appointment, you assume an obligation to stay with the job until your assignment is completed.

The information you collect is confidential and must not be disclosed to anyone who has not sworn to protect Census Bureau information.

HOW CAN YOU QUALIFY FOR CENSUS WORK?

1. Noncitizens will only be considered for census jobs if qualified citizens are not available, particularly in areas where bilingual ability is a necessary qualification. You must present documentation of employment eligibility. The types of acceptable documentation are listed on the reverse side of this page.
2. You may be hired if you are 18 years or older. If you are under 18 and a function of the job is to drive, then you cannot be hired. (Those ages 16 and 17 may be hired for positions not involving driving so long as they meet state and local employment requirements.)
3. You must have a valid Social Security Number.
4. Applicants must take a written test of basic skills. The test may be taken in Spanish, upon request, along with an English Proficiency Test.
5. Most census jobs require the employee to conduct face-to-face interviews with respondents. This involves visiting respondents in a variety of residence types, asking questions and recording responses.
6. Male applicants born after December 31, 1959, must be registered with the Selective Service System.
7. The Census Bureau performs criminal background checks and reviews criminal records (including fingerprinting) as part of assessing applicants' past conduct and suitability for employment.
8. You will not engage in any partisan political activity while on duty.
9. All non-census employment (including law and regulatory enforcement jobs) will be reviewed on a case-by-case basis for compatibility with Census Bureau employment.
10. Applicants must be available to work days, evenings, and weekends. Since not all people will be home during the day, you will have to visit some homes during the evening and on the weekends. This will usually be no later than 9:00 p.m. You generally will have flexibility to choose which hours to work during these productive time periods.

Provided here are some sample questions to help better prepare you for the test. You may also request a practice test to help prepare for the test.
