

South Carolina Department of Motor Vehicles

Report of Vision Screening for Non-Commercial Beginner Permits or Driver's Licenses

412-NC
(Rev. 11/12)

FORM IS ONLY VALID FOR 12 MONTHS FROM DATE OF VISION SCREENING

***** This form is void if there are any alterations or erasures on it. *****

Applicant's Name _____ Date of Birth _____ Driver's License Number _____

Applicant's Address _____ City _____ State _____ Zip Code _____

Applicant's Signature _____ Date _____ Telephone Number _____

THIS SECTION IS TO BE COMPLETED BY A LICENSED EYE CARE PROFESSIONAL

***** Do not return this form to an applicant requiring corrective lenses until new lenses are fitted *****

Applicants **must meet** the minimum acceptable vision requirements, **without the use of a telescopic lens or other attachment**, provided below to obtain and maintain a South Carolina non-commercial driver's license or beginner's permit.

The South Carolina Department of Motor Vehicles' minimum visual acuity requirements, **with or without corrective lenses**, are as follows:

- **20/70 or better in at least one eye; OR**
 - ✓ If applicant's weaker eye is **worse than 20/200**, the stronger eye must read **20/40 or better; OR**
- **Worse than 20/70** in each eye but 20/70 or better with **both eyes** together. This reading is only acceptable if accompanied by a statement from the eye care professional that no further improvement in vision can be made.

Distant Vision Only	Right Eye	Left Eye	Both Eyes
Without Corrective Lens	20/	20/	20/
With Corrective Lens	20/	20/	20/
New Prescription	20/	20/	20/

1. DOES THE APPLICANT'S VISION MEET THE ABOVE STANDARDS TO OPERATE A MOTOR VEHICLE?..... Yes No

South Carolina Department of Motor Vehicles
Report of Vision Screening for
Non-Commercial Beginner Permits or Driver's Licenses

412-NC
(Rev. 11/12)

INSTRUCTIONS TO APPLICANT OR DRIVER

The simple eye test given by the Department of Motor Vehicles (DMV) determines if an applicant may have 20/40 vision or better. If unable to pass DMV's vision screening you must have your eyes screened by an eye care professional to determine if your eyes meet the Department's vision screening requirements. Therefore, you are being asked to have your eyes screened by an eye care professional to determine if your sight can be improved by glasses or treatments. If glasses will make you a safer driver, your license will permit you to drive only while wearing them.

Please do not ask the Department of Motor Vehicles to recommend an eye care professional as they are forbidden to do so.

If you have any questions about how well you must be able to see to be granted the privilege of driving on the streets and highways of South Carolina, the Department personnel will be glad to answer them.

EXPLANATION FOR EYE CARE PROFESSIONAL

All applicants for licenses and some drivers whose records cast doubt on their ability to drive safely are given simple vision tests by Department personnel, but when more accurate measurements are needed, when an improvement in vision would add to safety, or when unusual eye defects are apparent, the person is asked to visit an eye care professional. A report from such an eye care professional is particularly valuable if the fitness of a driver is questioned in court following an accident. In some cases, a screening by more than one eye care professional is requested.

You must provide the reading results and truthfully answer all of the questions. The individual must meet the visual acuity standards without the use of a telescopic lens or other attachment. If the case is a peculiar one, any additional comments which you may have would be appreciated. Use a separate sheet if needed and attach it to the form.

Kindly sign this report and give your professional number. For proper identification, have the person screened to sign the report in your presence.

No recommendations or suggestions as to which eye care professional to visit are given by Department personnel. Only reports from licensed eye care professional can be accepted. The eye care professional assumes no responsibility in making this report other than that of truthfully representing the facts.
