Return of Payments where the total amount for the year exceeds €6,000to any person for services provided including fees, commissions and payments for

Form 46G (Company) 2008

Payments to be returned by Companies on Form 46G (Company) include:

- payments made, in the course of the trade, business or activity, for services rendered in connection with the trade, business or activity including payments for services provided in connection with the formation, acquisition, development and disposal of the trade, business or activity (including such payments made on behalf of others),
- particulars of other valuable consideration, i.e. where the payment for the services provided is given in a form other than money,
- payments for copyright.

The amount of the payment for services shown should normally be exclusive of VAT. However, payments may be returned inclusive of VAT by companies, etc. whose records are maintained on a basis that would make it difficult to make the return on a VAT exclusive basis. Persons not registered for VAT may make returns inclusive or exclusive of VAT.

Indicate on the front page whether the figures enclosed are VAT inclusive. In the case of each transaction returned on pages 2 and 3 indicate if VAT was charged.

This return form may be completed on an accruals basis (as opposed to a strict payment basis) provided that this basis is then consistently applied.

Payments which may be excluded are those:

- Made to any person* where the total amount for the year does not exceed €6,000
- From which Income Tax has been deducted (e.g. PAYE, Withholding Tax)
- In which the value of goods provided as part of the service exceeds two-thirds of the total charge
- Made to Government Departments, Health Boards, VEC's, Local Authorities and Semi-State Bodies (such as ESB, Bord Gáis, An Post)
- Made to Non-Residents
- Made by a Principal, registered for Relevant Contracts Tax, where the payments are returned on Form RCT35.

*Person includes individual, company and any unincorporated body of persons.
