 (It is recommended that you include your Social Security number on check using blue or black ink)

**Purpose of declaration** The filing of a declaration of estimated Maryland income tax is a part of the pay-as-you-go plan of income tax collection adopted by the State. If you have any income such as pensions, business income, lottery, capital gains, interest, dividends, etc., from which no tax is withheld, or wages from which not enough Maryland tax is withheld, you may have to pay estimated taxes. The law is similar to the federal law.

**Who must file a declaration** You must file a declaration of estimated tax if you are required to file a Maryland income tax return *and* your gross income would be expected to develop a tax of more than \$500 in excess of your Maryland withholding.

You must file a declaration with payment in full within 60 days of receiving \$500 or more of income from awards, prizes, lotteries or raffles, whether paid in cash or property if Maryland tax has not been withheld. A husband and wife may file a joint declaration.

**When to file a declaration** You must pay at least one-fourth of the total estimated tax on line 14 of this form on or before **April 15, 2012**. The remaining quarterly payments are due **June 15, 2012, September 15, 2012 and January 15, 2013**. You may pay the total estimated tax with your first payment, if you wish. If you are filing on a fiscal year basis, each payment is due by the 15th day of the 4th, 6th, 9th and 13th months following the beginning of the fiscal year.

**Overpayment of tax** If you overpaid your 2011 income tax (Form 502 or 505) you may apply all or part of the overpayment to your 2012 estimated tax. If the overpayment applied equals or exceeds the estimated tax liability for the first quarterly payment, you are not required to file the declaration. If the overpayment applied is less than the estimated tax liability, you should file the declaration and pay the balance of the first installment. Preprinted vouchers will be mailed to you for the remaining payments.

**How to estimate your 2012 tax** The worksheet on page 1 is designed to develop an estimate of your 2012 Maryland and local income tax. Be as accurate as you can in forecasting your 2012 income. You may use your 2011 income and tax as a guide, but if you will receive more income than you did in 2011, you must pay at least 110% of your prior year tax to avoid interest for underpayment of estimated tax. For the purpose of estimating, rounding all amounts to the nearest dollar is recommended.

Nonresidents may use the Nonresident Estimated Tax Calculator at [www.marylandtaxes.com](http://www.marylandtaxes.com).
