INSTRUCTIONS

1. Check the appropriate block at the top of the form to indicate whether you are adding, changing or deleting a seasonal vehicle registration indicator on a vehicle record.
2. If adding a seasonal vehicle indicator to the vehicle record, complete Sections A, B and C.
 - Individuals should list their PA Driver's License (PA DL) or Photo ID# in the space provided. Businesses should list their Business ID# (Bus. ID) where indicated (i.e. E.I.N.).
 - Indicate in Section B, the month and year the seasonal registration and vehicle insurance will expire. **NOTE:** You may choose to backdate the expiration month and year of your vehicle registration. (This transaction will not produce a registration card if it is a month that is already expired. No refund on lost months will be given.) No fee is required when backdating the expiration date if you have already renewed your seasonal vehicle registration and have a current registration card.
 - When the vehicle's current registration expiration date is earlier than the chosen expiration date listed in Section B, the prorated registration fee for the additional months is required. For a complete listing of registration fees that can be used to calculate the amount of additional fee required, refer to Form MV-70S, "Bureau of Motor Vehicles Schedule of Fees," found on our website at www.dmv.pa.gov. [Example: Passenger Vehicle - one year registration fee = \$39 / monthly fee = \$3.25. Chosen expiration date for seasonal registration is September 2021. An increase in fee of \$6.50 is required, i.e.: \$3.25 x 2 months (August and September) = \$6.50.]
 - Submit a check or money order made payable to the Commonwealth of Pennsylvania for the prorated registration fee. **PLEASE DO NOT SEND CASH.** Mail completed application to: Bureau of Motor Vehicles, 1101 South Front Street, Harrisburg, PA 17104-2516.
- NOTE:** At the time of the next vehicle renewal, the registration fee for the vehicle identified in Section A should be paid in full, regardless of the number of months chosen for registration. Future registration renewal applications will be sent to you with a special note that indicates you can choose when to send the renewal application and renewal fee to PennDOT for processing. However, the vehicle's insurance must be reinstated prior to the seasonal renewal application being submitted to PennDOT.
3. If deleting a seasonal vehicle indicator from the vehicle record, complete Sections A and C.
4. If changing the expiration date for a seasonal registration, complete Section A, B and C. The full vehicle registration fee must be paid when changing the expiration date for the seasonal registration and renewing at the same time. For a complete listing of registration renewal fees refer to Form MV-70S, "Bureau of Motor Vehicles Schedule of Fees," found on our website at www.dmv.pa.gov.
