The DMV provides vehicle registration and title information to authorized businesses and persons for marketing programs, surveys, safety recalls, manufacturer's warranty, and statistical reports and other uses in the normal course of business. You may request that your name and address be withheld from marketing programs and surveys by marking the box on the Vehicle Registration/Title Application (MV-82) form. Marking this box will only affect mailings based on vehicle registration and title records. It will not eliminate mailings that originate from other sources of information. It also will not prevent release of your record to persons and businesses who have a use authorized by law.
