Complete the tax payment coupon (below) when making a payment of tax on or before the original due date of your return.

## Important information

- Tax due must be paid on or before the original due date of the return.
- Mail your completed coupon and payment by the original return due date to avoid late payment penalties.
- When you file your return, mark the box "An extension has been filed."
- An extension of time to file your return is not an extension of time to pay your tax. If you do not pay 100 percent of your total tax liability by the due date, a 5 percent late payment penalty, plus interest, will be added to your tax due.
