Section 6109 of the Internal Revenue Code requires you to furnish your correct TIN (Tax Identification Number) to persons who must file information returns with the IRS to report interest and certain other income paid to you. The IRS uses the numbers for identification purposes and to help verify the accuracy of your return. You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest and certain other payments to a payee who does not furnish a TIN to a payer. Certain penalties may also apply.
