ADDITIONAL INFORMATION

Transportation Code, Chapter 501, Subchapter E, provides that a person who acquires ownership of a salvage or nonrepairable motor vehicle, regardless of the year model, must apply for a Texas Salvage or Nonrepairable Vehicle Title prior to further transfer of ownership.

SALVAGE MOTOR VEHICLE:

A "salvage motor vehicle" is a motor vehicle that:

- (1) has damage to or is missing a major component part to the extent that the cost of repairs exceeds the actual cash value of the motor vehicle immediately before the damage. Cost of repair calculations may include parts and labor but must exclude the cost of materials and labor for repainting the motor vehicle and sales tax on the total cost of repairs; or
- (2) is damaged and that comes into this state under an out-of-state salvage motor vehicle certificate of title or similar out-of-state ownership document that states on its face "accident damage," "flood damage," "inoperable," "rebuildable," "salvageable," or similar notation.

A salvage motor vehicle does not include an out-of-state motor vehicle with a "rebuilt," "prior salvage," "salvaged," or similar notation, a nonrepairable motor vehicle, or a motor vehicle for which an insurance company has paid a claim for the cost of repairing hail damage, or theft, unless the motor vehicle was damaged during the theft and before recovery to the extent that the cost of repair exceeds the actual cash value of the motor vehicle immediately before the damage.

A vehicle with a Salvage Vehicle Title **may not be registered or operated** on the public highways until the vehicle has passed a state safety inspection and a Texas Vehicle Title branded "Rebuilt Salvage" has been issued.

NONREPAIRABLE MOTOR VEHICLE:

A "nonrepairable motor vehicle" is a motor vehicle that:

- (1) is damaged, wrecked, or burned to the extent that the only residual value of the vehicle is as a source of parts or scrap metal; or
- (2) comes into this state under a title or other ownership document that indicates that the vehicle is nonrepairable, junked, or for parts or dismantling only.

A vehicle for which a Nonrepairable Vehicle Title is issued on or after September 1, 2003, **may not be rebuilt, retitled or operated** on the public highways.

LIEN INFORMATION

A new lien may be recorded or an existing lien may be carried forward to a Salvage Vehicle Title. Only an existing, recorded lien may be carried forward (a new lien may not be recorded) to a Nonrepairable Vehicle Title.
