- an LLC or LLP that has elected to be treated as a corporation for federal income tax purposes.

Filing fee computation

The amount of the filing fee will be based on the New York source gross income for the tax year immediately **preceding** the tax year for which the fee is due. If the LLC or LLP did not have any New York source gross income for the preceding tax year, the filing fee is \$25.

New York source gross income is defined as the sum of the partners' or members' shares of federal gross income from the partnership, LLP, or LLC, derived from or connected with New York State sources without any allowance or deduction for cost of goods sold, determined in accordance with the provisions of section 631 of the New York State Tax Law as if those provisions and any related provisions expressly referred to a computation of federal gross income from New York sources.

If an LLC is treated as a disregarded entity for federal income tax purposes and has any income, gain, loss, or deduction from New York sources, the filing fee is \$25.

There is no proration of the filing fee if the partnership, LLC, or LLP has a short tax year for federal tax purposes.

You must file Form IT-204-LL on or before the 15th day of the third month following the close of your tax year. Submit full remittance of any filing fee due with the form. There is no extension of time to file Form IT-204-LL or pay the annual fee.
