Preplanning Worksheet

This worksheet will help you outline some of the specific details in your final arrangements. Before you complete this worksheet, use the ShareYourWishes.org Reflection Journal, which will help you think about the most important details of your life. Answers from your Reflection Journal can be incorporated into your final arrangements on this worksheet.

Be as detailed as possible in your answers—it's the best way to ensure your life is celebrated the way you want it to be.

There are four important steps to ensuring your final arrangements are carried out according to your wishes.

- 1. Reflect—Take time to consider your desires and options for your final arrangements. This includes taking time to reflect on your passions, beliefs and how you see yourself. You have probably already used the ShareYourWishes.org Reflection Journal to complete this process. If not, try it out before moving on to this worksheet.
- **2. Record**—Record your final wishes in a formal document and keep it in a secure place. This worksheet is a basic way you can do this. For more detailed final arrangements, consult with a planning counselor at your local funeral provider.
- **3. Share**—Share your wishes with loved ones and your estate planner or attorney to make sure they understand what you want. Provide them with a copy of your preplanning document or make sure they know where to locate it.
- **4. Support**—The best way to ensure your final arrangements are carried out as you've planned is to support them financially. Think about ways you can provide this support for your final plans.
