

Direct Deposit Change Notice & Authorization

A direct deposit is a pre-authorized electronic deposit into your checking or savings account, usually from an employer. To switch a direct deposit to your RBC Bank account, complete the following information and provide this form to your employer's human resources department. (There is a separate form available if your direct deposit will be from a government agency.)

If the direct deposit is not payroll related, please contact the Payer and determine if an electronic deposit may be established.

Note: You may need to provide a voided check or deposit ticket in addition to this form.
