

Consensual Real Slavery

The slave's application form

This is the application form to be filled in by the candidate slave in order to get evaluated and hopefully get engaged as a real slave.

This is a very important step in your life, so before submitting this form, make sure you have received a document explaining what is meant by Consensual Real Slavery.

A real slave expects its Master(s) to take responsibility over it and make all the decisions for it. For the Master(s) to be able to do that, They need some basic information about it.

The slave will fill in this form in all its honesty. If some information cannot be given for whatever reason, that reason must be clearly explained in the document and discussed with the Master(s).

Once again, only fill this out if you are SERIOUS about committing to being a real slave (this is not a part time job !). Once you submit to the Master(s) you no longer have freedom ... quitters will be extremely punished or even completely banned. If you submit and are not happy with your decisions then it is up to you to voice your concerns and ask to be sold.

A slave cannot expect nor demand anything about its treatment. It is only its Master(s) who decide what will happen to it and how it will be treated. Nevertheless it can like and dislike things, it can hope for a certain treatment or it can fear certain things. Here the slave can describe its feelings, likes, dislikes, hopes and fears. It is the Master(s)'s decision whether and how They will take these into account.

Suggestions to improve this document:

This application and following agreement is clearly about what is commonly called Consensual Real Slavery. By this a relationship of total and all domain servitude is meant. This is not about the more sexually oriented Domination/submissive role playing.

By submitting this form the slave explicitly confirms it is willing to be fully owned by the Master(s) and will comply to each and every of its Master(s)'s wishes. The slave agrees to obey its Master(s) in all respects. its mind, body, heart, soul, time, talents, knowledge and skills belong completely to Them to be done with what seems fit to Them.

By submitting this application form the slave acknowledges that all answers are given voluntarily and in all honesty. The slave also confirms it is lucid and in a legal state allowing it to commit agreements which are applied for.

Signature:

the slave signs by typing "I agree voluntarily" completed by the place and date of signature. This will be completed by adding the slaves oath as mentioned in the description document. Later on a paper copy will physically be annotated in the same manner and signed with a pen

Application documents without proper signature are not considered applications but are merely used as source of information.
