## Online Application for Animal License

Please complete the following information and submit payment to the Treasurer's Office in the envelope provided. The Treasurer's Office will verify the information provided with the veterinarian and once verified, a dog license will be issued. This may take up to 90 days. **If you wish to have a dog license issued immediately, please include a copy of your rabies certificate.** Although state law has required licenses for dogs since 1972, the General Assembly of 2006 and 2007 has brought changes to our licensing process. Effective July 1, 2007, area veterinarians are required to notify localities when a rabies vaccine is given. If an individual does not apply for a dog license within 90 days of having their animal vaccinated, they will be billed for the license in the locality in which they reside. If they fail to purchase the license at that time, animal control will be notified that an owner is in possession of a vaccinated animal without a current license.

Tags may be purchased for multiple years depending upon the expiration date of the rabies vaccine. Multi-Dog licenses are only sold for a one year period and must be renewed each year. If you would like to purchase a multi-dog license and have not previously had one, please contact animal control as an inspection of the facilities may be necessary. If you are renewing a multi-dog license, you may still be subject to a re-inspection by animal control.
