1. INTRODUCTION

The e-Application system is a web-based system that allows the user to request for new electricity supply. Having a computerized system will allow more efficient processing of applications and allow the entire process to be completed in a much shorter duration.

This user manual is meant for property developers.

2. SYSTEM REQUIREMENT

Please ensure that the system requirement is fulfilled to enable user accessing the system.

E-Application URL	http://eapplication.tnb.com.my/eapplication
Browser	Internet Explorer 6 or later
PC Resolution	1024 x 768 or more
Other Office s/ware	Microsoft Excel 2003

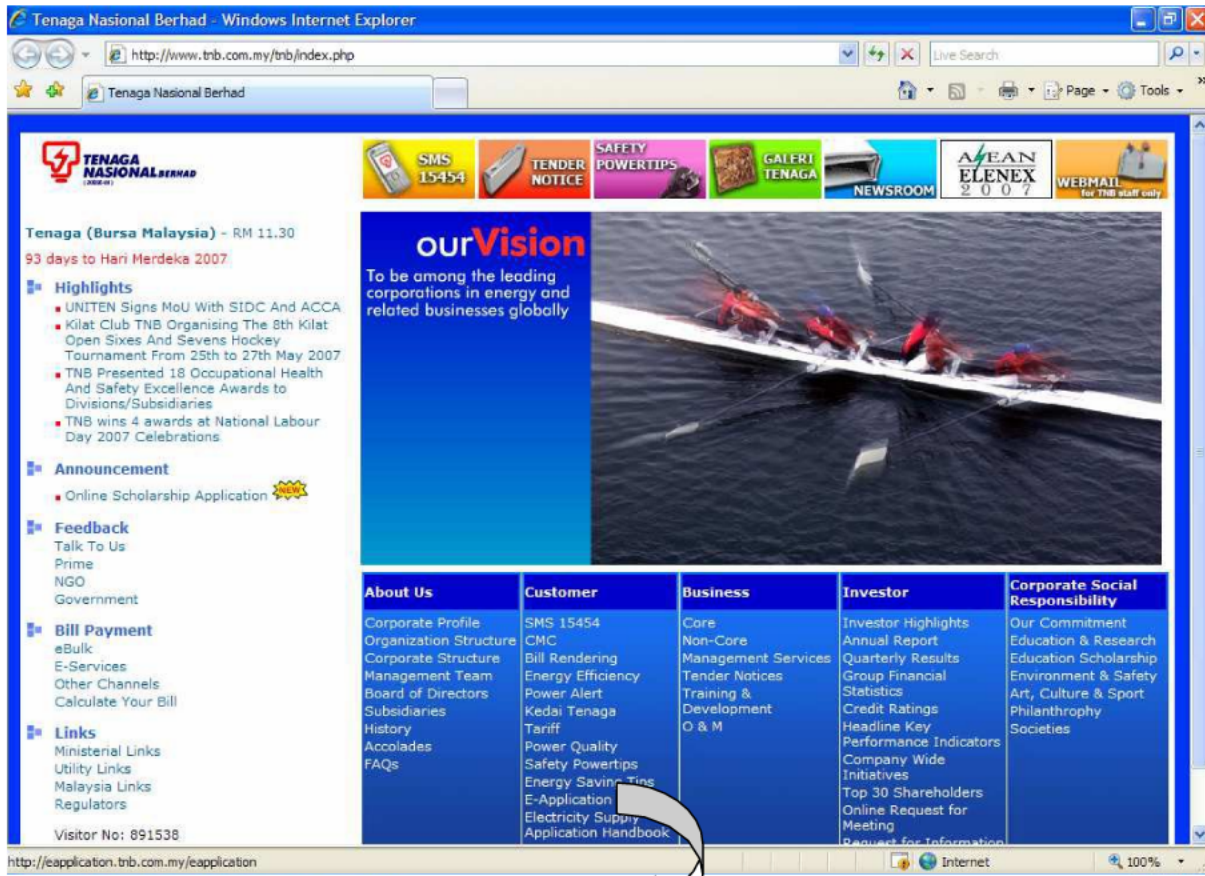

To access the system, a computer connected to the Internet is required. The computer should have a web browser installed. Any recent browser version should work although the system was extensively tested and verified to work with Internet Explorer (version 7). It is recommended that a screen resolution of at least 1024 X 768 pixels is used when accessing the system.

3. USER ACCOUNT

3.1 Quick Start

1. Enter TNB Website : www.tnb.com.my
2. Click [E-Application](#) .

Click [E-Application](#) from customer box

3. E-Application screen will appear on the screen.

Login to the E-Application System

The TNB e-Application system is a mechanism to allow property developers to register for new domestic connections. If you are a property developer and do not have an existing account, please [register](#) first. If you have registered before but have since forgotten your password, please request for [password reset](#)

Please do not register if you are not a Property Developer

Username:

Password:

Server: ITDIISWEB01

3.2 Registering New Account

1. Please ensure that you are property developer before you register into this system.
2. For first time user, click [register](#) at the top of the screen.

Registration of New Account (for Property Developers Only)

The TNB e-Application system is meant to be used by Housing Developers to submit applications for electricity supply. At this moment, the system is not designed to handle applications from individuals. Please fill in all compulsory fields indicated by *

Please do not register if you are not a housing developer

Password	R	Password Example: xxxxx
Confirmation Password	R	To confirm password enter during registration Example: XXXXXX
Confirm Password:	R	Description of the Confirm Password:. Example: .

8. Click  button once the form has been completed.
9. The system displays the message as per screen below.

Registration of New Account (for Property Developers Only)

Your account has been successfully registered. However, the account requires activation by an administrator. You will be informed by e-mail when your account is activated.

Thank you for registering.

10. Your account will be created once the **Register** button is clicked. However, the account is inactive until the system administrator verifies the information you have submitted and consequently activates it. Since the administrator may need to contact you for verification purposes, please ensure that all contact information is accurate. Fill in optional information such as fax number if applicable.
11. You will be alerted by e-mail when your account is activated.

The screenshot shows a Gmail account activation email in a Windows Internet Explorer browser window. The browser title is "Gmail - Account Activation - Windows Internet Explorer". The address bar shows the URL: http://mail.google.com/mail?auth=DQAAAAHJAAAA5hgqeX6S2ml_UL3KJOUeWwWmagJDF_G6YxFNHcGGPDGNLoLsozC-ZiOou-. The browser window displays the Gmail interface with the user's email address, hasinunyarq@gmail.com, and navigation links for Mail, Calendar, Documents, Photos, Groups, Web, and more. The main content area shows an email titled "Account Activation" from "eapplication@tnb.com.my" to the user, dated May 25. The email body contains the following text:

Your TNB e-Application account has been activated. You can now [login](#) using the username and password that you entered during registration.

NOTIFICATION

Projects for Impiana Sdn. Bhd.

Impiana Sdn. Bhd. > Projects

No.	Project Name	Parcels	Station Code	Group NC No.	Stage
1	Projek Perumahan Tanjung	1	150	00784552	Completed

Use the following to add projects:

Project Name: Klb 8933
Address: JLN DAUN INAI 1
SUNWAY SPK DAMANSARA
Postcode: 52200
Town: KUALA LUMPUR
State: Kuala Lumpur
TNB Station: TNB Kuala Lumpur - Barat (121)

[Add Project](#)

- For example, the above picture shows that Project Perumahan Tanjung has been uploaded to TNB Billing System(eCIBS) and return the project NC Number. All the stages has already completed.
- The same thing goes to individual form. The picture shows that the individual form has not yet submit to TNB Billing System (eCIBS) and not return any NC Number. Any modification for online form can still be made as long as the form has not upload to TNB Billing System (eCIBS).
