QUALIFIED EXPENSES AND PREMIUMS

Internal Revenue Code § 213(d) defines qualified expenses and premiums, in part, as "medical care" amounts paid for insurance or "for the diagnosis, cure, mitigation, treatment, or prevention of disease..." Expenses solely for cosmetic reasons generally are not eligible (e.g. facelifts, hair transplants, hair removal, etc.).

Common expenses include co-pays, coinsurance, deductibles, and prescriptions. Common insurance premiums include medical, dental, vision, tax-qualified long-term care (subject to IRS limits), Medicare Part B, Medicare Part D, and Medicare supplement plans. Go to veba.org to view a more extensive list.

Please note the following:

1. Insurance premiums paid by an employer, or premiums that are or could be deducted pre-tax through your or your spouse's section 125 cafeteria plan, are not eligible for reimbursement.
2. If you or your spouse have a section 125 healthcare flexible spending account (FSA), you must exhaust the FSA benefits before submitting claims.
3. Claims for over-the-counter (OTC) medicines and drugs should be for reasonable quantities expected to be consumed within a reasonable period of time. Sales tax can be included.
