Things you should know

To qualify for Collector plates, **you must own or lease at least one other motor vehicle for regular transportation** with current, valid registration in Wisconsin under the same name(s) as the Collector vehicle. Complete section C.

Collector plates are non-expiring for as long as you own the collector vehicle. **Vehicles with Collector plates cannot be operated during the month of January unless a special temporary plate is purchased.** Temporary plates for January operation are available for \$5 for five consecutive days or \$30 for the month; use form MV2750. Temporary plates are not available while original applications are being processed.

If you previously had a Collector plate, but no longer own the vehicle, pay the same fee as when applying for a second or subsequent collector registration. See fee schedule.

WisDOT assigns a collector number to each vehicle collector. That number, plus an alpha character, is issued to other collector vehicles owned by the same person. **Collector plates cannot be personalized.** For second or subsequent plates, allow approximately 3–4 weeks for the manufacturing process after the Certificate of Registration has been issued. Except for former military vehicles, truck-type vehicles with Collector plates cannot haul more than 500 pounds. Do not include the weight of a camper, lid or cap that is mounted on the truck or the weight of any persons or pets.
