# UNIFORM CATALOG

## Air Serv Uniform Collection

In today's world, air travel has become stressful for a lot of people. That is why we at Air Serv are dedicated to making each passenger's travel experience a pleasant one. We have the goal of providing exceptional service to each and every passenger we come in contact with. Many of the duties we perform involve helping individuals who are unsure of the check-in and security procedures or how to get to the proper gate. Our commitment is to not just meet the expectations of the passengers, but to exceed their expectations.

***Uniform appearance is the start to making our mission possible.***

# Air Serv Below Wing

## CABIN CLEANING

We keep the skies clean. Air Serv has pioneered a myriad of cleaning missions specifically tailored to meet the cleanliness needs of our partners. Our broad experience in the industry – each day, we clean the interior of more commercial aircraft than any other company in the US – has provided us with unique perspective. Familiar with the cleaning requirements for all US commercial air carriers, we have designed scalable and customizable cleaning missions that exceed the standards for all major airlines. This platform allows Air Serv to effectively manage any cleaning program with minimal oversight.

We pride ourselves on delivering great value. By directing and managing the highest skilled and most productive cleaning workforce, we meet our partners' quality standards without sacrificing their financial objectives.
