Auto Repair Invoice Template Features and Facts

Auto Repair Invoice Template is a free blank auto repair invoice form that allows you to create auto repair invoices with easy and quick. The auto repair invoice form includes fields for vehicle information.

The auto repair invoice template in Microsoft Excel format has 5 columns one the invoice body section within the printable invoice form, including: #, description, quantity, price, line total. The free auto repair invoice layout does not include shipping fields, just like the [other service invoice templates](#) available here on InvoicingTemplates.com. The unique features that are available only in this auto repair invoice sample are the fields for insurance information, including Company and Claim#, and the fields for vehicle information, such as Year, Make, Model and Color. On the top of the invoice form, there is also a "Time In" field below the "Date In" field (which is usually labeled with "Invoice Date" on most invoice templates here on InvoicingTemplates.com). We've kept the Shipping Cost field inside the printable auto repair invoice form.

Although it is easy to create the layout and format of Auto Repair Invoice Template with Microsoft Word or other Microsoft Office programs, or even with some PDF programs, the support for Excel formulas makes doing automated calculations easy to implement and modify. For example, Auto Repair Invoice Template uses Excel formulas extensively to do calculations whenever possible and necessary, such as the taxes, totals. If you use the Uniform Invoice Software version of Auto Repair Invoice Template, Excel formulas are also used to create the relationship between several fields, such as one field should be the sum of two other fields.
